24th RETINOPSY & IMAX I and II

Tribute to Prof Rick Spaide

Saturday, November 7, 2026, 8 FMH-Credits (submitted)

Invitation to New Worlds of Vision – Tribute to Prof Rick Spaide

The 24th Retinopsy is dedicated to Prof. Rick Spaide, one of the world's most influential pioneers of modern retinal and OCT diagnostics. His groundbreaking work has fundamentally transformed clinical imaging and continues to shape everyday ophthalmic practice. With this congress and a globally unique double IMAX experience, we honor his scientific legacy in an innovative and impactful way.

✨ **Beyond OCT. Beyond Screens. Beyond this world.** ✨
The congress will be conducted primarily in English. The IMAX and OCT images are universally understandable and transcend language barriers, and will accompany you throughout your career.

PD Dr. med. Peter Maloca & PD Dr. med. Pascal Hasler

Top Speakers

Rick Spaide, Pascal Hasler, Sandrine Zweifel, Katrin Fasler, Simon Rothenbühler, Hanna Zuche, Philippe Valmaggia, Peter Maloca (and others).

Venue: Conference Center Luzern, IMAX Verkehrshaus, Saturday, November 7, 2026
IMAX-GATES close 08:55h! Early-bird: CHF 280.- (residents only CHF 140.-), Sprache: English.

Registration: e -mail: **retinopsy@dr-maloca.ch** or online **www.blueyetech.ch**
