

Ophthalmology Academy

Bern, Welle 7, 19.09.2019, 15:00 - 19:30 Uhr

Themen: We would like to give attendees the opportunity to present their own research.

This «Research Meeting» brings together interested parties from the young ophthalmology community, covering both the anterior and posterior eye segment. Benefit from the knowledge of your colleagues and exchange information within small groups. Are you working on an innovative research project? Take advantage of the opportunity and present your current project in the span of seven minutes in English.
